GREAT BRITISH CRAFTSMANSHIP

*New Product Bulletin*  
*June 2016*

[sheratonkitchens.co.uk](http://sheratonkitchens.co.uk)

# Introduction

We're pleased to announce some fantastic improvements being made to the Sheraton cabinet specification, along with a range of new kitchens, paint colours, units, handles, worktops, sinks and taps to be launched in June.

The new cabinet specification is the result of unprecedented, multi-million pound investment in Omega PLC's plant and machinery and will ensure Sheraton Kitchens provide you with the highest quality cabinets and one of the widest choice of doors available.

This summer will also see the launch of a new oak colour – Sand Oak – this will be supported with three new doors and a cabinet colour, perfect for a colour co-ordinated look, or alternatively for combining with the range of painted kitchens available in Sheraton.

The Sheraton painted colour palette is also seeing an increase to 15 colours, with four new colours added – Limestone, Sandstone, Oxford Blue and Anthracite. A new painted door style, Manor House Painted Shaker, is being introduced too, taking the total number of painted kitchens to over 160.

With a new, thinner range of worktops, 11 new handles and new sink and tap additions, there's plenty to talk about, starting with those cabinet specification improvements.

# *New & improved* Sheraton cabinet specification

## NEW CABINET

The cabinet is the foundation of every Sheraton Kitchen, and we've been working extensively to improve the specification and quality of our units. These improvements include a new drawer box option (free of charge), better quality edging, new soft-close hinges and drilled-in shelf pegs. These improvements apply to Sheraton orders received from 11am Friday 24 June. Please see below for further information.

## NEW DRAWER BOX

GRASS drawers are considered to be one of the highest quality drawer boxes available, and in addition to the current Nova Pro aluminium-effect drawer box, we're pleased to announce the introduction of the new Grass Scala Stone drawer system. This modern, slim drawer box has square profiled sides and won the 2016 German Design Council award for excellent product design. More information about the Scala drawer box can be found on page 6.

Please note that from 11am on Friday 24 June, the Scala drawer will become the new default drawer box. The current Nova Pro drawer will still be available from this date. However, you'll need to specify on your order the box you require, otherwise you'll receive the Scala drawer as standard.

The new, improved cabinet specification will be supplied on all orders received from ***11am Friday 24 June 2016.***

#### NEW HINGES

To complement our Grass drawers, we'll be introducing the new Grass 'Tiamos' soft-close hinge. This improved hinge, with a modern, square design, has a superior soft-close action, sleek, linear aesthetics and inline plates resulting in no visible screws.

- 120 degree opening on standard units (most hinges are either 107 or 110 degree)
- All Grass 'Tiamos' hinges supplied on Sheraton units have the damper concealed neatly into the arm
- Doors will always close from 30 degrees (unlike our competitors)
- No bounce-back when closing (this is experienced on competitor hinges)
- Only a very small opening force required
- Easily clips on and off the plate
- Damper action has three settings per hinge, providing five possible settings per door
- Damping action is unaffected by both room temperature and drilling dimensions
- The 165 degree hinge is finger-safe ensuring children are unable to put their fingers into the linkages

#### NEW EDGING

Our multi-million pound investment in new machinery gives us the capability to produce a much higher specification of edging, with all Sheraton cabinets and front edges to feature 1.3mm ABS edging (including the front rail on base units). This provides a softer radius with no sharp edges and gives improved durability to resist knocks, etc. Edging is applied with PU glue for improved moisture resistance, with white glue used on light colours to reduce a visible glue line.

#### NEW SHELF SUPPORTS

The new cabinet specification will also see new drilled-in shelf pegs. These discrete, all metal, anti-slide pegs feature a hidden pin in the two front pegs drilled into the underside of the cabinet, whilst shelves remain fully adjustable. This maintains the anti-slide safety feature without the need for visible plastic front clips. All shelves will continue to be supplied factory-fitted and retained in place during transport with four plastic shelf retainers that can be removed after installation.

#### NEW CABINET COLOUR

A new, contemporary oak cabinet – Sand Oak – will also be available, taking the total number of cabinet colours to ten. This is a perfect accompaniment to three new Sand Oak doors (see pages 9-11 for details) and is also a great colour to use with the range of Sheraton Kitchens.

# Drawer box *options*

*From 11am Friday 24 June 2016*, Sheraton units can be ordered with a choice of drawer options.

## GRASS SCALA STONE DRAWERS

Supplied as standard on new orders received from 11am Friday 24 June 2016.

GRASS SCALA STONE  
(with square side profile)

## GRASS NOVA PRO ALUMINIUM EFFECT DRAWERS

(supplied as a free of charge option)

Please ensure you specify 'Aluminium drawers' on your order if you require Nova Pro drawers (otherwise Scala drawers will be supplied).

GRASS NOVA PRO ALUMINIUM  
(with curved side profile)

## LUXURY SOLID OAK DRAWERS

(supplied as a chargeable upgrade)

Please specify 'Oak drawers' on your order. Prices for units supplied with oak drawers are shown in brackets in the Sheraton Product Directory.

LUXURY OAK DRAWER  
(with dovetail joints)

## SMOKED GLASS AND CRYSTAL GLASS PAN DRAWER SIDE OPTIONS

Both Scala Stone and Nova Pro Aluminium pan drawers are available with either railings (supplied as standard) or Smoked (Scala Stone) or Crystal (Nova Pro) glass sides.

These glass sides are supplied as a free of charge option. Please specify 'Smoked Glass' for Scala drawers or 'Crystal Glass' for Nova Pro drawers when placing your order.

Smoked glass

Nova Pro Drawer with rails

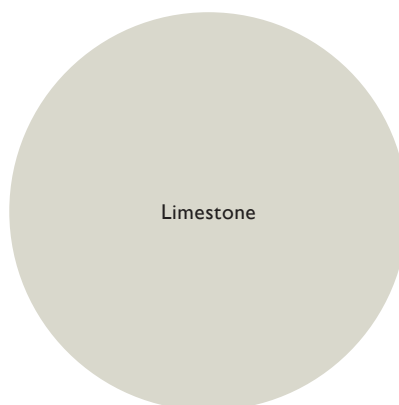

Nova Pro Drawer with  
Crystal glass

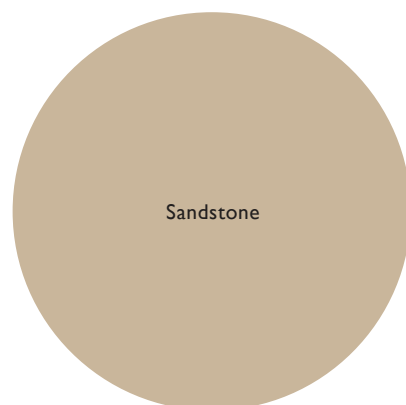

## A new *splash* of colour

### NEW PAINT COLOURS

Following consumer research and continual monitoring of colour trends, we're pleased to announce the launch of four new colours - available to order from 27 June 2016. Limestone, Sandstone, Oxford Blue and Anthracite will be available in all painted door styles and are shown on new photography featured in the new Sheraton brochure.

Limestone

Sandstone

Oxford Blue

Anthracite

## The *colour* palette

These new colour additions, along with the launch of a new painted door style (please see page 8), brings the total number of painted options available to 15, providing you with a versatile range of colours available across 11 door styles.

Ivory

Light Blue

# New designer *friendly* *units*

## NEW PAN DRAWER UNIT

This unit is to be used in conjunction with hobs and 22mm worktops (see page 16) and includes a shallower top drawer and a heat shield. Please see the Sheraton Product Directory for more details.

## NEW PANTRY UNITS WITH DRAWERS

A number of new larder unit configurations will be available which include drawers, allowing you to combine the functionality of both a pantry and a pan drawer in the same unit. Please see section 4 of the Sheraton Product Directory for full details.

Larder Unit with Tandem Solo Wirework

Larder Unit with Convoy Premio Wirework

## NEW LARDER & PANTRY UNITS WITH WIREWORK

Larder and pantry units will also be available with the Kessebohmer Convoy Premio and Tandem Solo pull-out storage solutions. These luxury units are a great way of maximising the space and keeping dry food and large items stored neatly away. Please see section 4 of the Sheraton Product Directory for more information.

We are also pleased to announce that from 27 June 2016, both existing and new larder/pantry units with Kessebohmer wirework will be supplied with a new, soft open damper at no additional cost.

A range of new, designer friendly units will be available to order from **27 June 2016**.

#### NEW CORNER LARDER UNITS

A range of new corner larder units will be launched in June, with options available for both larder-to-larder and larder-to-base/wall configurations. These units will help maximise the space available in a corner, with the option of standard shelves or Kessebohmer Le Mans pull-out storage.

In addition, there will be a new diagonal corner larder unit which opens out to provide a substantial amount of storage space, including a full height wine rack.

Please see section 4 of the Sheraton Product Directory for more information, prices and range availability.

#### NEW APPLIANCE HOUSING

A number of new appliance housings are being introduced from 27 June, providing you with even more options to plan integrated appliances. More information can be found in section 5 of the Sheraton Product Directory.

Corner Larder Unit  
Larder to Base

Diagonal Corner Larder Unit

Corner Larder Unit  
Larder to Base with 4 x Le Mans

Diagonal Corner Larder Unit With  
8 Shelves & Full Height Wine Rack

## *New* sinks and taps

A selection of new taps, along with a new Schock sink and tap colour will be available to order from 27 June 2016.

Neptune Grey 1.5 Bowl

Neptune Grey 1.0 Bowl

U Neck Single Lever

Linear Twin Lever

Arena Pull Down

Triton Tap Grey

## *New* square pilaster

A new, contemporary square base pilaster will be available from 27 June 2016. This simple, yet effective accessory is perfect for use on island units and is an alternative to the more traditional-turned pilaster currently available. This can be used with all painted ranges and is supplied in either a matt or woodgrain finish and in all painted colour options.

## New accessories

A new range of oak accessories will be available in June, with one-piece options to suit drawers from 300mm-1000mm wide. This replaces the current modular system.

Also available will be additional slot-in items, such as a knife block, spice jars and foil/cling film dispensers.

Please see section 17 of the Sheraton Product Directory for more details.

1000mm Oak Drawer Divider

1000mm Oak Drawer Divider with Foil & Cling Film Dispenser

1000mm Oak Drawer Divider with Knife Block & Spice Jars

### CURVED MIRRORED PLINTH

From 27 June, internal and external curved mirrored plinths will be available. Please see Section 16 of the new Sheraton Product Directory for details.

### IMPROVED MFC ADD-ON PANEL EDGING

We are also improving the quality of the edging on all MFC add-on panels, with 1.3mm edging to be applied. For new codes, please see Section 16 of the new Sheraton Product Directory for details.

## Illuminating *new* lighting

100mm Square Flat Panel LED Light

35mm Square Cabinet or Plinth LED Light

Diffused LED Corner Shelf

Our lighting offer is being improved to include new Sirius LED lighting, such as the square, flat under-cupboard light, smaller, square and circular under-cupboard lights, and diffused floating shelf and corner shelf, along with a system that allows the user to remotely dim lights, either by remote control or by using their iPad/iPhone.

Please see section 17 of the Sheraton Product Directory for more details.

600mm & 900mm Diffused LED Floating Shelf

# Worktop *additions*

## 22mm THICK LAMINATE WORKTOPS

In response to changes in worktop trends, we're pleased to announce the availability of 22mm thick Duropal worktops. These are available in all colours (except discontinued colours – see page 19) and work particularly well with modern and contemporary kitchen designs. These polypropylene-edged worktops are available in all the current lengths in both straight and curved options.

A total of nine new colours and patterns are also being introduced into our worktop offer, available in 40mm Quadra, 22mm and 40mm straight edged and curved profiles.

Alhambra

Ipanema Grey

Platon

Ponderosa Pine

Rabac

Sonoma Oak

Statuario Venato

Tivoli

Travertine Stone

# 11 new *handles*

Waisted Iron D Handle

Suite 727 & 728\* Iron D  
Handle with Square Feet

Suite 729 & 730\* Pewter  
Angled D Handle

Suite 731 Suite Polished  
Nickel Ribbed Knob

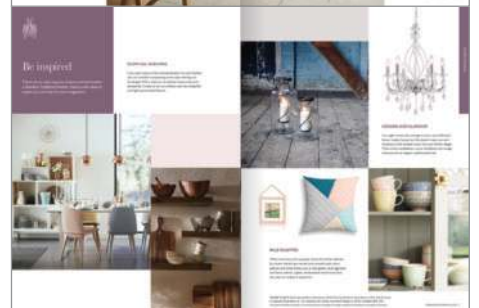

# New marketing materials

We're always looking at ways to help you promote our kitchens. With that in mind, we've made some fresh updates to our brochures. For a start, we've extended the design feature section to highlight the new cabinet spec and craftsmanship – which in turn, enhances the look and feel.

We've also got brand new inspiration pages for 2016 to highlight the coming trends – for most customers, adding the finishing touches is a real highlight. In addition, we've added a new section that gives customers food for thought when it comes to extending their kitchen cabinets into the utility room. Finally, we've made the brochures more compact this time round whilst still retaining the detail and large, inspiring imagery. We hope you approve.

# Discontinuations

The following items will be discontinued from the Sheraton offer from 27 June 2016 and are available whilst stocks last. Please check availability with the sales office before placing an order for these items.
