# THE SHERATON® COLLECTION

Thomas Sheraton designs reflected the growing wealth of Britain. His style was characterised by a graceful refinement and became the most powerful source of inspiration behind furniture of the late 18th century.

Sheraton's artistic ideals and works reflected his honesty, refinement, knowledge of his craft and an unparalleled sense of beauty. In his furniture there was a grace of execution, a finer feeling for perfection of line and proportion.

‘In SHERATON furniture there was a grace of execution, a finer feeling for perfection of line and proportion.’

Our kitchen collection follows the SHERATON ethos that accuracy, enduring elegance and detail were the cornerstone of great furniture design.

Sheraton's philosophy now lives on in this inspired range, creating kitchens of elegance and distinction that stand the test of time.

# INSPIRED BRITISH DESIGN

British design is recognised the world over for innovation and creativity. When you purchase a SHERATON kitchen, you acquire an exceptional British kitchen to suit your lifestyle. Our range of quality kitchens are manufactured using the finest materials in our purpose built factory.

# CRAFTED FOR YOU

Our quality kitchens are robust and durable with a stunning array of styling options. Our rigid cabinets are made to your order, using precision glue and dowel construction, creating a true rigid kitchen, with squarer, stronger cabinets and no visible screws or fixings. Our kitchens have been awarded the Made in Britain status.

A fair day's work deserves a fair day's pay. Ending poverty pay is good for business and good for society.

## HER ROYAL HIGHNESS, THE COUNTESS OF WESSEX
